### Case Studies

Explore how real-world research delivers measurable strategic impact.

#### Market Expansion Assessment in Floating...

Unlocking growth opportunities in Asia-Pacific through market intelligence and strategic benchmarking.

##### Brief Overview

A leading renewable energy company wanted to expand into the floating photovoltaic solar sector in Asia-Pacific. UnivDatas conducted an in-depth market study to identify key regions, pricing trends, and risks. By analyzing successful projects and industry benchmarks, we provided clear, data-driven insights to support their expansion strategy and long-term growth.

Key Services Involved:

Market Sizing, Competitive Benchmarking, Risk & Sensitivity Analysis, Pricing Strategy

#### Assessing Promotional Investment Effectiv...

Measuring brand communication impact and optimizing ad recall for a fintech client.

##### Brief Overview

A fintech client partnered with UnivDatas to assess the effectiveness of their promotional campaign in the Indian Premier League (IPL). Through a structured survey approach, we evaluated advertisement visibility, recall, brand association, and audience perception. These insights helped strengthen communication strategies and maximize advertising returns.

Key Services Involved:

Ad Recall Analysis, Brand Linkage Measurement, Market Perception Assessment
